

SMART FINGERPRINT LOCK

UNXORA

C919

Face/Cat's eye/palmar vein
/Finger vein [Optional]

3D face recognition
Double electric triple camera
Active surveillance video intercom

- Indoor HD large screen
- Welcome guests anti-theft multi-purpose
- All-day security guard

- Dark antique copper
- Mocha black

- Product color Black bronzer/Mocha black • False rejection rate <2%
- Product size 450X76mm • False recognition rate <0.001%
- Fingerprint collection semiconductor • Product lock core Class C lock core
- Operating voltage DC7.4V • Product material Aluminum alloy + IMD process
- Applicable gate type Wooden doors, security doors, copper doors, etc
- Unlocking mode Face/fingerprint/password/Key/Swipe card/temporary password /Mobile phone remote unlocking/Finger vein unlocking [Optional]

3D
FACE

Intelligent reminder
Real person voice navigation, low battery
reminder, door lock status reminder
system lock reminder

Product selling point
Active security, real-time intercom, 2 million
HD lens, 4.5 inch large screen, semiconductor
fingerprint head, electroplated tempered glass
panel finger vein unlocking [optional]

Unlocking mode
Face, fingerprint unlocking, password unlocking,
swipe card unlocking, key, mobile phone remote
unlocking, temporary password, finger vein
unlocking [optional]

C929

Face/Cat eye/Finger vein
/Palm vein [optional]

Active surveillance video intercom
Double electric triple camera
Convenient and safer

- Indoor HD large screen

Temporary Password

Low voltage reminder

Multiple alarm

Anti-snooping password

DC5 atresia

Product parameters

- Product color **Black/black red ancient**
- Product material **Aluminium alloy**
- Product size **150X68mm**
- Fingerprint collection **semiconductor**
- Operating voltage **Four number 7 batteries**
- Adaptive door thickness **40-100mm**
- Applicable gate type **Wooden doors, security doors, copper doors, etc**

Intelligent reminder

Real person voice navigation, low battery reminder, door lock status reminder system lock reminder

Product selling point

Semiconductor fingerprint unlock farewell key, fingerprint quick recognitionEffective protection against false fingerprints, touch-key password design

Unlocking mode

Fingerprint unlock, password unlock, swipe card unlock, key unlock, temporary password
