Customized bathtub size diagram

Length, width, and height can be customized;
surf bubbles can be added

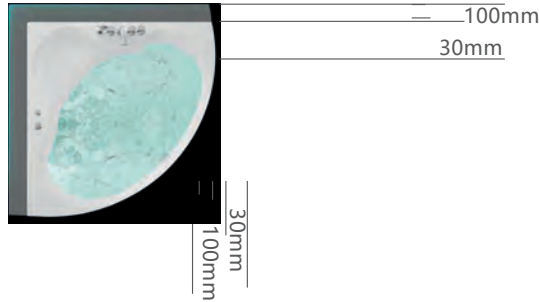

Inner tank dimensions: Length 1540 mm, Width 610 mm
Dimensions:1600x680mm
(white frame section)

The dimensions of the parts marked with this symbol
can be increased or decreased.

Dimensions:1360x1360mm
(white frame section)

The dimensions of the parts marked with this symbol
can be increased or decreased.

Dimensions: 1500x1500mm
(white frame section)

The dimensions of the parts marked with this symbol
can be increased or decreased.

Corner positions, cut corners, customization

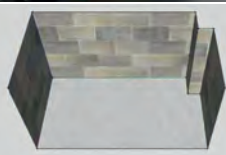

Bathtub can be customized
according to your floor plan.

- 1、Integrated custom steps and skirt
- 2、Custom 2-panel and 3-panel sliding shower doors
- 3、Color, configuration, and function customization:
surfing, bubbles, milk bath

Milk · Bath

Surveys conducted by the National Sleep Foundation reveal that 60 percent of adults report having problems with sleep. They suggest a bathing ritual as a natural aid for sleep. A warm soak in a hot tub provides just the right combination of warmth and water motion. Hot tubs are more convenient too. No guessing waiting for the water to fill the tub or guessing about the water temperature. Just slide in and relax.

MODERN AND SIMPLE

A romantic holiday doesn't mean you must have a long way trip to enjoy the luxury industry civilization. Even you stay at home, you can have much time to have close talk with your lover, to share the fashion space, to share the romantic life, don't you think that is another kind of beautiful heart trip.
